## COVID-19 - LIVING IN THE NEW NORMAL

We are all feeling the effects of the Covid-19 pandemic. It is important that we all do what we can to help slow down the spread of the virus, and protect ourselves from infection.

Miami-Dade County Mayor Daniella launched a comprehensive initiative called “*We Can, We Will*”. The details can be found on the Miami-Dade website, and for your convenience, we are providing direct links to key pages below.

We hope you will take some time to review these orders, and if you have questions or concerns, be sure to contact the County using their provided contact information.

# SOLID WASTE MANAGEMENT

## Illegal Dumping

Illegal dumping is a serious crime that can harm our environment and make our neighborhoods look bad. Don't try to confront an illegal dumper. Instead, write down details of the incident if you witness it, such as a description of the vehicle, vehicle markings or a license tag number.

To report an illegal dumping site on public or private property:

- Report it online at: <http://www.miamidade.gov/311direct/#/greetings>
- Call 3-1-1
- Residents of Miami-Dade County are able to report neighborhood problems and code violations using 311Direct, a mobile application. 311Direct can be downloaded for free in the iTunes store for Apple users or in the Google Play store for Android users.

You can watch a video here: <https://youtu.be/OjMCe2nq6MY>

If you witness an illegal dumping incident in progress, call 911.

## Avoid illegal dumping

Dumping things like tires, debris, old furniture and hazardous materials not only harms the environment and lowers property values, but results in millions of dollars spent on enforcement and cleanup costs.

If Miami-Dade County provides waste service to your residence, consider your options instead of dumping materials illegally:

- Request a Bulky Waste Pickup
- Deliver your items to a Trash & Recycling Center
- Visit a Home Chemical Collection Center

Private contractors can pay a per-ton disposal fee to have materials delivered to Miami-Dade County sites.

## ILLEGAL DUMPING

IS NOT A VICTIMLESS CRIME

IT'S A SERIOUS ENVIRONMENTAL CRIME THAT IMPACTS THE QUALITY OF LIFE IN YOUR COMMUNITY

# Grass Clippings:

# BEFORE Hurricane Season

*Some preventive maintenance can be done that will go a long way toward protecting property and reducing waste generated during hurricane season if Florida is hit by a storm.*

- *Cut back all trees and branches that contact buildings.*
- *Thin out foliage and trees so wind can flow through the branches, decreasing the chances of uprooting during heavy winds.*
- *Place tree trimmings at the curb following the normal rules for yard trash on your scheduled pickup day. (Brush is limited to MAX 4 ft. in length and 4 inches in diameter. Bag up leaves and grass—or leave on lawn for “grass cycling”.)*
- *Clear your yard of any items that could become airborne and cause further damage, such as old lumber, lawn furniture, toys, etc. Place them at the curb on your regular “bulky waste” day for pick-up.*

# Happy 4th of July!

Here at Kings Creek Village Association, we are wishing everyone a happy 4th of July. We hope you have a wonderful time.

Everyone likes to be festive, but please remember not to get in a vehicle that will be driven by anyone that has been drinking.

We would also like to remind you that fireworks are not allowed in the community.
